* SUBJECT: INFORMAL MEETING TAC / ISC / DHSS / LGC

* ONE ITEM OF THE MEETING ON MONDAY, 21-01-1985, DEALT WITH

* '.. REPORTS HAVE BEEN PRESENTED BY LGC TO DHSS ..' GIVING
* INFORMATION ON '.. ALDEHYDES, HYDROGEN CYANIDE, NITRIC OXIDE
* IN THE SMOKE YIELD OF 75 MAJOR CIGARETTE BRANDS IN THE UK.'

* THE REPORTS INDICATE 'RANK ORDER' OF THE CIGARETTES
* ACCORDING TO THE INDIVIDUAL SMOKE CONSTITUENTS TESTED, E.G.
* NITRIC OXIDE. IN ADDITION '... SALES WEIGHTED MEANS,
* CORRELATION COEFFICIENTS FOR ALL DETERMINANTS, COMPARING THE
